TESTIMONIAL

LACHLAN CAMPBELL and LHC Drafting

Our experience of Lachlan's work demonstrates that he deserves our recommendation as a drafting service.

Lachlan pays attention to detail and is able to sort through instructions from various parties, as in our case we are a franchise business.

The building requirements and standards of the third party with whom he liased had to be taken into account and have now been successfully completed. Demolition plans were also prepared.

We have no hesitation in recommending Lachlan's work.
